OUR SOLUTIONS

**ELEMENT INTERNATIONAL  
LOGISTICS**

**BUSINESS, TRADE & INVESTMENT  
OPPORTUNITIES**

SINCE 2002

# OUR HISTORY

**Element Logistics means the coordination of transport by land, sea and air.**

Our company specializes in organizing and coordinating transportation of all types of cargo worldwide including heavy lifts and out of gauge units. We provide a full range of specialist international supply chain management services.

Our world-wide partners and organisations give our customers ability to source and distribute products globally. We concentrate on transportation intensive supply chains, integrating primary sourcing with secondary delivery and distribution, providing visibility and adding value for our customers.

Our qualified and experienced team is characterized by in-depth of the most efficacious methods for the organization of non-standard transportation.
