MONDAY 19 NOVEMBER 2018

19:00-22:30

## DINNER EXCURSION

## AT TIQUICIA RESTAURANT

Our evening dinner excursion will be to Tiquicia, perched high above the mountains overlooking the Central Valley. From this unique vantage point you can admire the auspicious panoramic views at dusk, and then take in the brilliance of the lights emanating from the capital.

In addition, we will be treated to a sampling of the Costa Rican Folklore through the various typical dances and marimba music, while we enjoy a delicious dinner buffet with a menu that reflects the typical dishes of the region. During our visit, the local artisans will exhibit their unique and exquisite creations that represent the different regions of the country.
