

PCN Future: Under 30s Scheme

Laura Hernandez Montiel of Trafiver Logistics attended the 8th Annual Summit in Costa Rica with Director, Luis E. Aburto Lopez.

Established in 2010, our ISO 9001 & 14001 certified organisation is now one of the world's leading networks for project cargo and heavy lift specialists. PCN acknowledges that it is important to invest in the next generation as they will be the ones who will push our businesses through the next few decades in a sector that is so important to economy and international trade.

We have already introduced our **eLearning platform** and **Staff Exchange Program**, both of which are benefiting our Members. We also acknowledge that our annual gatherings provide the perfect opportunity to integrate young people into our network and secure future business between PCN overseas offices.

Therefore, we are delighted to introduce our PCN Future: Under 30s Scheme. When you book onto our **2021 Annual Summit**, you can register a 2nd delegate who is under 30 for a hugely discounted fee of £450.

It is important that our younger staff become more visible and develop stronger relations with other staff of similar age at their fellow PCN overseas offices. Attending our event will be a great chance for Under 30s to gain professional growth, business development and will help secure the continued success of PCN.

If you take part in our PCN Future: Under 30s Scheme your staff will learn through experienced and knowledgeable CEO's and Senior Managers from 50+ countries. To make their attendance even more valuable, they can then bring their experience back to the office and share it with other young staff. Having the responsibility of bringing their training back to share will encourage your Under 30s delegate to be present and engaged during the meeting.

“Making our network stronger.”
